

Elizabeth S. Vega
8830 SW 123rd Ct.
Miami, Fl. 33186

To whom it may concern:

Elizabeth S. Vega, who has been one of the many Technology Production students to have come through my program, has blossomed into a dedicated artist both in the traditional and digital realms. I have had the pleasure of having her in program for over 3 years and I have personally watched her change her style and sense of direction when it comes to mixing digital applications to achieve success in the composition.

Having started drawing at a very early age, Elizabeth brings real focus and concepts driven by the Adobe Creative Suite to harvest her technique. She has multiple industry certifications and continues to complete more certifications prior to the closing of her junior year. I would not hesitate to count on her skill set to tackle any challenge given to her. She has shown me the perseverance and determination to be a team player and works well with varying levels of skills. An artist is one of the many hats she is capable of wearing within the design studio setting.

I would whole heartedly recommend Elizabeth S. Vega to become part of a school and/or program that focuses on industry specific digital design and computer graphics in the media rich world we currently are a part of. If you have any questions, please contact me by phone at 305 926-2937 or by email at mpate@dadeschools.net or mpate@mdc.edu. Thank you for time in considering her as a candidate for your program. I look forward to seeing her become the talent she so dreams about and has proven to me as her instructor here at Miami Arts Studio 6-12.

Sincerely,

Mr. Matthew Pate, M.S.
